Winter 2016 - 2017

WINTER DISCOVERY IN JAPAN

Our winter camps offer an English-language ski and snowboard adventure in a residential camp setting. Located on Yokote yama in Shiga Kogen, Nagano prefecture, we travel by Shinkansen between Tokyo Station and Nagano.

Our three winter camps allow beginners to learn to ski or snowboard (if age/skill level appropriate) in a safe environment with our professional instructors. Campers with experience will see their skills and their confidence increase. There will be opportunities for supervised "free" skiing/boarding for those who get the "OK" from their instructor and parents.

Lessons begin just outside the lodge, at the top of the first chair lift. Classes return to the lodge for lunch and a rest before heading out again in the afternoon. Bingo, journal writing, board games, sledding, videos and much more after lessons and after dinner. Perhaps a stop at Jigokudani on the way to see the famous "onsen" monkeys.

Our camps are designed for elementary and middle school students usually from eight to 14 years old. Parents are very welcome to join our trip and younger ES students are required to have a parent on the trip. Parents and younger campers will stay in hotel rooms separate from our campers. Please email or call for details.

Our staff consists of international school teachers and counselors from Nanbo Discovery Camp, our summer residential camp in Chikura. We have been using the wonderful New Yokote Lodge since 1985. Please join us on one of our winter adventures this season.

OUR COMMUNITY SKI/BOARD ADVENTURE - SINCE 1985

For the **33rd season**, we have organized a winter vacation for children, families and friends in the international community. Our trip takes us to Yokote-yama (2307m) in Shiga Kogen, home of the 1998 Winter Olympics. We will again stay at the New Yokote Lodge located on the mountain, at the top of the first chairlift for ski-in/ski-out ease.

This trip coincides with our Winter Camp III for children. Campers will stay in the front of the lodge while "Community" trip guests will be in the newer rooms in the back of the hotel. All are welcome to participate in camp activities and much more.
